

THE CHURCH IN ACTION – WHAT CHURCHES DO

Course Description:

What is the purpose of churches and why do people go to church? What does it mean to be baptized? Why should a believer take communion? Is it scriptural to dedicate babies? This course will answer many of the most frequently asked questions about the church. The experiences of Mary, a new convert, and her fiance, Timothy, are followed throughout the book to illustrate the biblical basis for what churches do and why they do it.
